

Material Safety Data Sheet

ISO9001-2000: Quality Management System Certification

一：Manufacturers and product information

Product Name: waterborne wood coatings
Code: JND-309

二：Identifying data elements

Chinese name	English name	Weight percent composition
Water-based acrylic resin((CAS NO. 9003-01-4)	Water-based acrylic resin(CAS NO. 9003-01-4)	30%
Dupont titanium dioxide(CAS NO.:13463-67-7)	Dupont titanium dioxide(cas no.:13463-67-7)	30%
Additive	Additive	1-2%

三：Hazard identification information

With the crisis should be the most important key results	Effect of health hazards: No
	Environmental Impact: Environmental security and health
	Physical and chemical hazards: Non-combustible liquid and steam
Important symptoms: No	
Articles harm: No	

四：Emergency measures

Drive where different methods exposed: Devour: 1: Patients will moved to Department of fresh air 2: Immediate medical attention Skin contact: 1: No stimulation, no harm 2: Contaminated clothing should be cleaned using Contacted: 1: Immediately eyelid brushes with tepid water to ease the 20-minute topical. 2: Immediate medical treatment.
--

五：The disposal method

Wastewater Treatment: 1: Effluent standards: Consistent with the provisions of discharge “effluent discharge Standard” 2: Wastewater Disposal: (1) Physics (2) Chemical (3) Biological
Wastewater Treatment: 1: Waste refers to waste paint and paint residue. 2: The local government will send a speed waste treatment plant for waste disposal.

六：Transport removal

Transport handling Product not inverted, and threw no shelter。 .
--

七：Storage

Products stored in cool ,dry place ventilaion

八：Sotrage

Storage Products Subject to the above conditions, period from the date of production for 12 months
--

九：Regulations

Products meet standanrds GB18582-2001 standard
--
